Classes

ENGLISH DEPARTMENT

The major aim of English is to stimulate pupils to use correct, lively, appropriate English in every day conversation and writing.

SCIENCE DEPARTMENT

This department is equipped with a well equipped laboratory for experiments and demonstrations.

Our Science department consists of Biology, Physics, and General Science.

MATH DEPARTMENT

Our Math Department consists of General Math, Algebra I, Algebra II, and Geometry, Thus helping our students to be prepared for college.

BUSINESS DEPARTMENT

Business subjects have a two fold purpose: one to give the student a basic idea of business procedure that will be used in every day life. The other to equip those who are going into the clerical field with the necessary skill and knowlege.

MUSIC DEPARTMENT

The main purpose of Vocal and Instrmental program is to develop an appreciation of all types in interest students. Each year many solos, duets, trios, quartets, quintets, sextets and larger small ensembles compete in contests and present concerts to our community.

DRIVERS TRAINING

Drivers Training is an elective course in which students are taught the correct procedures in driving and mastering driving skills through actual driving experience in a dual control car.

LIBRARY

The Library is composed of a large range of books carefully selected designed to meet both teachers and students needs. New books are added each year.

HOMEMAKING

In Homemaking we learn by doing lessons that are built around meal menus, marketing, cooking, serving, and table etiquette. Fundamentals of serving are learned. We also study to improve the appearance and comfort of our homes.

SOCIAL SCIENCE

By the study of Social Science we learn of our "American Heritage" from past civilizations and generations, both on our own and foreign soil. We offer Government, World History, American History, Family Living, Sociology, and Economics.

PHYSICAL EDUCATION

Physical Education is a required course for all boys and girls in which every student is given an opportunity to participate in various games and develop physically through exercises.

VOCATIONAL AGRICULTURE

Agriculture is divided into class work, shop, and project program. Thirty eight members study judging, farm management, record keeping, animal husbandry, and crops. Shop work includes welding, electricity and general repair.

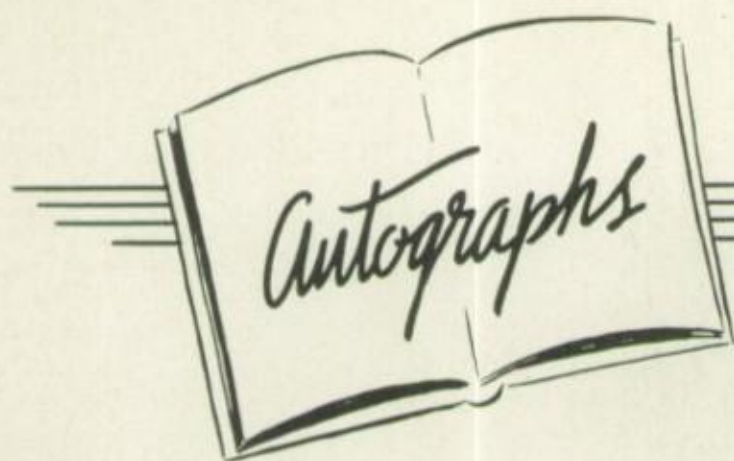

INDUSTRIAL ARTS

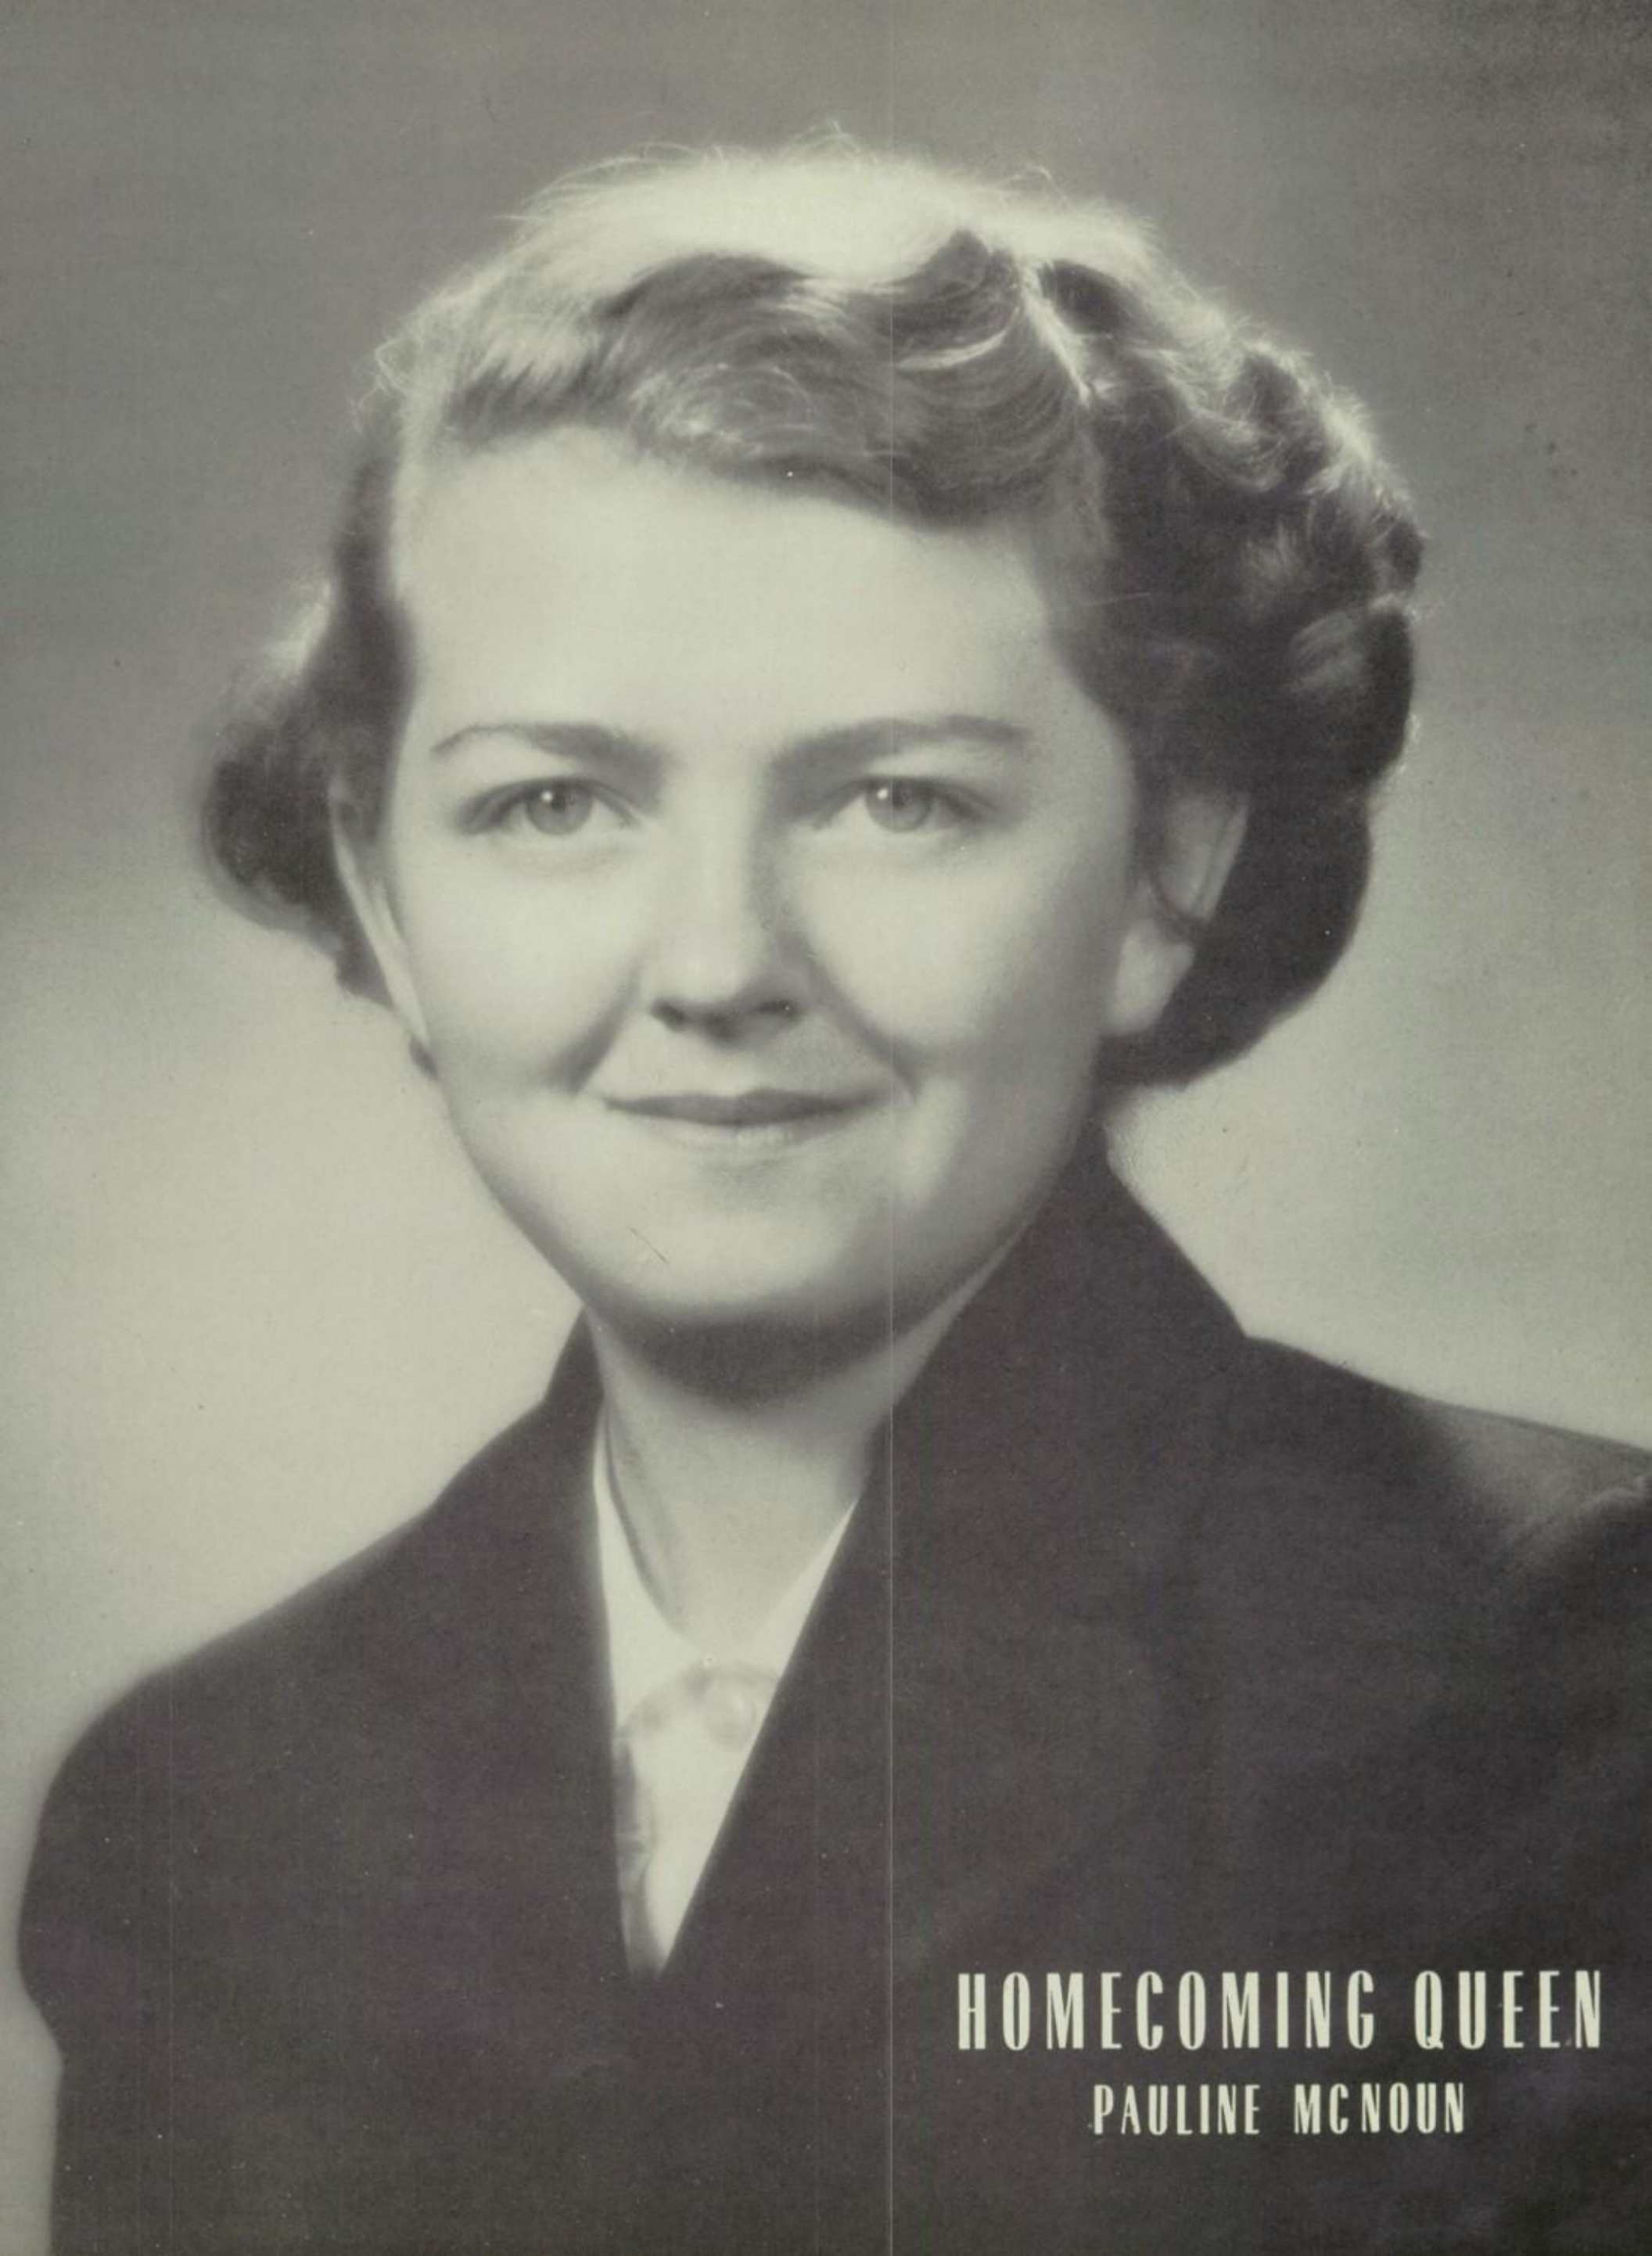

Industrial Arts is for the purpose of creating something with your hands. All sorts of wood working such as cedar chests, tables, chairs, etc. Mechanical Drawing is for the purpose of learning to read and draw blue prints.

Activities

HOMECOMING QUEEN
PAULINE MCNOUN

BASKETBALL QUEEN

ETHEL POTTER

The lights dimmed...the curtain rose...Half Past Teen was off to a hilarious start. Presented by the Junior Class under the direction of Mrs. J. W. Dalton and Mr. Charles Downing, the play was a rollicking success.

BUILT RITE
CONSTRUCTION CO.

Our school cafeteria has been operating successfully for eight years. It is completely modern, from the automatic dish washer to an automatic potato peeler, it takes 125 lb. of potatoes for one meal, 43 ft. of deep freeze, and a complete laundry unit.

A class "A" meal with a choice of Orange juice or Milk is served every school day. Our school cafeteria serves 350 per-day in two shifts with the help of 12-15 students. We pay only \$1.25 per week.

The cooks are Fern White, Lornea Kalbe, Annice Fisher, Ethel Loftin.

The school busses carry the students from many different points, we run five busses, these busses pick up students from Elgin, Chautauqua, and rural Sedan. The students are driven to and from school by capable drivers.
